Drawing Trees (Dover Art Instruction)

Synopsis

This concise guide features easy-to-follow steps for capturing the natural beauty and magnificence of trees. Over 100 illustrations spotlight dozens of different varieties, including Oak, Willow, Pine, and Palmetto. Topics include shading techniques, composition, portraying shadow and light, and approaches to outlining. Author and illustrator Victor Perard, a graduate of the École des Beaux-Arts in Paris, was an art instructor at New York City's Cooper Union for twenty years. This informative volume reflects his extensive teaching experience and provides practical advice for artists at every level.

Customer Reviews

Author and illustrator Victor Perard was a graduate of the École des Beaux-Arts in Paris and an art instructor at New York City's Cooper Union for 20 years.

Average. I expected more instruction rather than mere samples.

This book is only about 20 pages. There are no real instructions, just images of drawn trees in various stages. No way to learn from this at all.

Simple to follow. Great book for structure of trees and general perspective of objects in drawing.

I'm very happy with this book & love having it on Kindle. It's great that 'Dover Publications', are reproducing so many instructive works for beginner artists. Good teaching never goes out of style. The initial emphasis on outline works for me & I keep drawing material near my computer as I can't resist looking through my kindle Library & working on technique after checking emails. Art was a quiet passion for Teachers & Artists like Victor Perard, Andrew Loomis & others of that ilk. As Mr Perard says. "Art is the finest way of doing anything." And I can only agree with him.

Not as much information as i wanted, not comprehensive. Drawings are good but no color or details. Showed a good variety of shapes for trees.

I like the simplicity of the drawings and the author keying in on the specific differences between trees. Small book with good, helpful information.

This was a gift and the person I gave it to said they really like it and enjoy drawing from it.

I enjoyed this book very much.... Instructions are clear... I love trees
