Student Activities Manual For Mittendrin: Deutsche Sprache Und Kultur Für Die Mittelstufe

Synopsis

The Student Activities Manual provides complete coordination with the structure and approach of the Mittendrin textbook, and offers an ample variety of written and listening activities that are contextualized to coordinate with the chapter themes. It contains additional reading and listening comprehension activities for the texts in Mittendrin, vocabulary practice and expansion exercises, grammar practice, writing and speaking assignments, activities to assess cultural understanding, and activities to accompany an original audio text, found on the Audio Program. It also contains the unique Sprachanalyse feature that furthers students'™ comprehension of authentic language.

Customer Reviews

I bought this manual because I am taking a class in German. This book is included with the course materials, although electronically. I decided to also buy the "hard copy" and I am glad I did. Although our assignments are submitted electronically through the Pearson Education website, I find it very helpful and convenient to have hard copies of my work and be able to work "offline." Another reason I love the activity manual and the associated text is the teaching strategy employed by the authors. Each chapter is focused on an important region of Germany with readings about the local culture, history, and dialects, as well as essays and pieces from important figures in German history. Each chapter also contains links to recordings aligned with the chapter topics. These recordings are in German, apparently read by native German speakers, and provide superb practice listening to and comprehending contemporary German speech patterns that might be found, for example, on a

newscast. I have found it very challenging, very interesting, and a superb adjunct to my study of German.

It was just what I needed and as a bonus I know one of the professors who has co-written the text. A superb introduction/extension of one's knowledge of German. The background stories are extremely good mainly, for me, because I have visited and studied at a number of cities highlighted!. A review with five stars affixed! Sincerely, Charlie Stoddard, The University of North Carolina, Asheville
