## Customer Reviews

Really very disappointed in this book. Starting with the cover photo... where in Bali are there over water bungalows?! Just not much information at all. And no secrets at all. And the information given is so sparse as to be nearly useless. I guess, MAYBE, if you're staying in Kuta, it's got some useful stuff if you want to go out to bars at night. Would never buy again or recommend.

For a quick overview, this book is okay. It is nowhere near detailed.
