Customer Reviews

Bought it for my mom! She loves it! It's not too big and bulky for her arthritic hands either.

The 2013 move to his high rise apartment in the dead of a Montana winter left M.E.S. with no dictionary. I spent several weeks going through the large print dictionary's .com had offered for sale to send him as a gift. When I chose and sent M.E.S. the Webster's New Explorer Large Print Dictionary his response was, 'The new dictionary has new words listed according to their area of use and meaning in a separate section in the front of the book. It is a very handy feature.'

bought as gift and the recipient loved it

I am not blind, but the 3 dictionaries I have, the print is so small, keep losing my place...the large print makes it so easy to keep my place...yes I have spelling software on my computer, but I like

books...they allow me to see other information, when I have them open.

A gift for my dad who eyes are failing him at the age of 86. He loves it.

Easy to read.

definitions too brief...missing words

Great dictionary. Big letters so it's easy to read
