Hawk's Slave: A Phantom Warriors' Story (Space Pirates Series Book 1)

Synopsis

****New Phantom Warriors Novella**** Captain Hawk has searched solar systems for a female shape-shifter. As a Slaver, he knows they fetch the highest price, but Hawk isn't looking for a shifter to sell. He wants one for himself, wants one for the beast lurking inside of him. The last thing he expects is to have a female given to him. Phantom Warrior Opal never thought she'd find herself enslaved by a ruthlessly handsome shifter. As the Dark King's right hand, she'd sworn to protect the Phantom people even if that meant protecting the king from himself. Her misguided actions caused her to lose everything. Now Opal has to contend with a sexy Slaver who's determined to tame her, but this feline isn't going down without a fight. The storyline definitely a sexually charged from the beginning. I wasn't too happy with some of the actions that the captain of the slave ship did. I felt he wasn't a very good guy at first. I thought different when another ship captured the slaves and he looked like an angel in comparison. I eventually warmed up to the characters. I enjoyed the read.

This is the first book I read of hers I ever read. So I never read the two series that came before it (this is a sequel to the Dark King which is I think a sequel to her other books to wrap up those series), that being said I dislike this book immensely I hated him for being a slaver and for tying her up for a lot of the book (warning spoilers ahead) so he can get the location of earth and take the women to sell (he was going to sell her to), I know there was going to be some s&m in it (I like a little spanking;-)) but I find no redemption in him because I felt after the story was over he would go back to be a slave. That is not ok in my book, and as soon as I am finished with the review I am erasing it from my Kindle.

For myself i was looking for a little more push and was hoping for more of a push in the story but i did enjoy ÆçÂ™Â¡ ÆçÂ™Â¡

Loved this book excellent I've read the Phantom warriors boxed set and absolutely think this is the best series and this book is one of my favorites out of all of the series 5 stars easy great read .

Hades the dark king had given Opal to Hawk for her betrayal to his human mate. Hawk loved his crew and with it the credits he received for all the slaves he sold, until he got a taste of Opal everything changed when he met Zeth in search for a new pet. Hot shifters and aliens all mixed in a yummy story. Enjoy as much as I have.

I thought this book was just okay. The chemistry between the two main characters is quite good and there are some nice action scenes. But the romance was really lacking. I felt like the story almost had an open ending and it wasn't clear that the hero had really changed/reformed.

An awesome book by an awesome author.. keep the books coming. Have recommended the

Phantom Warriors books to my daughter already, and she's done the same with the girl's in her office. So all of us are reading them. Including my friend in Texas.....

I did enjoy greatly. A light touch of S & M along with usual male dominance seen in many such Sci-Fi tales. Not many sex scenes. But it all blended well into a quick pleasant event read. I encourage you to give it a read.
