200 Favorite Hymn Arrangements

Of course, the price on is a joke. Buy a new one for \$22.95 here:

<http://www.piano-pal.com/intermediateadvSacredSolos/pa-hymnal-smither/> This book is amazing! I took lessons from David back in the 70s and was taught his intervallic system of improv. It works with ANY music of course--not just hymns, though the structure of traditional hymns lends itself particularly to this methodology. If you practice using this book, eventually the intervallic system will almost become second nature.

This is a beautiful book of arrangements, not too difficult, but just right for your own personal enjoyment. Love to play them.
