"Dr. Crook's advice can restore optimal health!" -- Christiane Northrup, M.D., Women's Bodies, Women's Wisdom  
"Dr. Crook's wisdom has changed the lives of thousands of my patients. Dr. Cass' update will empower you." -- Jesse Lynn Hanley, M.D., What Your Doctor May Not Tell You About  
Premenopausal am constantly amazed by Dr. Crook's prophetic insights into yeast-related problems which are too often misdiagnosed and mistreated. -- Ann Louise Gittleman, Ph.D.  
If women want to truly be healthy . . . this book is the place to start. . . Every woman should read this book! -- Joseph Mercola, M.D.  
Run, don't walk, to get your copy of this must-read. It could save your life. -- Judith Rajhathy, B.A., D.Ac., R.N.C.P.

This is the latest in a series of books by Dr. William Crook on the effects of yeast overgrowth in causing chronic health problems in men and women. This book has been one of our biggest sellers.

Learning to conquer the devastating effects of yeast overgrowth has saved my health/life.

Traditional medicine doesn't seem to be totally on board with this issue. Learning how to recognize

and control yeast infections is of major importance. This book and others on the same subject are of GREAT value.

The Yeast Connection and Women's Health Has given me more information for tackle this on going problem was very helpful

Helpful book to go along with "Tired - So Tired!" also by Dr. Crook. Has really helped me turn my life around just by the elimination of about 8-10 foods and then one by one introducing them back in to figure out which was causing me problems. I feel like a new person after years of doctors visits that produced nothing!

This is a must have book if you struggle with yeast overgrowth! My mom has this book and I have borrowed it several times; as a natural/holistic doctor I definately recommend this book! Lots of great information to help you understand the issuse more and be able to over come it! I finally bought myself my own copy! :)

Great information in this book! Confirms what I learned in school. As a certified ND, it is validation that the MD's finally catch up to what we have known for years!!!

good

I read this book and my kindle is changed! I saw myself!! Now I'm getting to work on the new me!

Good info book per our daughter.
