Minecraft: Exploded Builds: Medieval Fortress: An Official Mojang Book

Synopsis

Have you ever wanted to create your own legendary medieval kingdom to rule over? Well, now you can, with *Minecraft Exploded Builds: Medieval Fortress*. Â Learn how to design, build, and customize every part of your castle and the surrounding area, from sturdy walls and deadly traps to dank, dark dungeons and sprawling villages. Each build has an exploded view to show you exactly which blocks to use, plus extra ideas to make every part of your kingdom unique. Â Packed with interesting facts about medieval life, full-color illustrations, and a foldout depicting the epic scale of the kingdom, this official Mojang book has dozens of building ideas to ignite the imaginations of Minecrafters of all ages. Note: This book has been designed to mimic job-site engineering plans. The marks and scuffs on the pages are an intentional design element.

Mojang AB is a games studio based in Stockholm, Sweden. The Official Minecraft Team is your source for insider info on the worldwide phenomenon that is Minecraft.

Very simple and easy-to-understand builds. A friend and I were wanting to build a Medieval village on our server so I bought two copies of this book. Many great ideas and easy to put your own personal touches to it with the help of some great mods if you wish!

This is a great book! It shows you how to build as well as wonderful pictures of step by step guides! Thanks for the help!

Thought there would be more to this book on how to make things, but there isn't really. Nice pictures but I can get more building ideas from YouTube. Delivery was fast.

Great book! Love the aged print look inside. Other have complained about the print quality of the pages, but those are not dirty printing or defective, they were done that way intentionally. This has everything you need to start building your own castles! Great book!

Both my 11 year old daughter and my 38 year old husband LOVE this book. They have spent hours building and customizing castles and portcullises from this book and are having a total blast.

I wish the instructions for builds were a little more comprehensive. Sometimes you have to guess at some of what is on there. Other than that I love the book.

My son loves this book! The only thing that we don't care for are with the photos that helps you build castles and such are too small to see details.

Very nice book. Like other said, its not a detailed blueprint, and it took me some time at some parts to figure how they did something. But overall, this book does a nice job.
