I am a pastor in the United Methodist Church, and I believe this is the best interpretation of Scripture for children while also using artistic license to make it appealing for children. It organizes and refers to more stories that add depth to this publication versus other children's bibles. I ordered and reviewed multiple children's bibles and I choose this one over the rest. The differences may appear subtle but they make this book stand above. One of the differences that are great to me is that the stories are not developed from multiple references to different scripture passages but a direct children's retelling of passages from Scripture. So when we focus on a Scripture lesson in worship, we can find a children's version in this Spark Story Bible.

The real bible or paraphrased bibles are too complex for young children. Then there are some bible story books written for kids, but lack some essential stories. The Spark Story Bible has a lot of stories and follows the same order as the bible. It is written simply so children can understand without getting too confused and the stories are short enough where they won't get bored. I love to hear my kids answers to the question asked at the end of each story. If you want your children to become familiar with the stories and people of the bible, then get this book!

We have many children's Bibles. My child doesn't prefer any of them because most of the faces are angry or weirdly drawn, making them look creepy. This one has the kindest illustrations and is written tailored to the gentle minds of a child. I just wish it didn't take me until he was 4 to discover it. Very age appropriate.

My 5 year old cannot wait to read this every night.

Fantastic story Bible for young kids. We use this Bible along with the curriculum Sparkhouse has at church. The questions at the end of each story are great. My kids love their Bible!

Excellent for early elementary children to read or be read to.

Gift for the grandchildren. I'm told mom or dad reads a story every night. Thanks.

Great children's bible! My kids love the fun "sound effects" and other fun anecdotes that are added in to keep kids engaged.
