I bought this book for my 12, almost 13 year old granddaughter. Yes, it was smaller than I thought, but she LOVES it. Great for early "Tweens" and young Teens. She takes it everywhere with her. Great book, and a bargain price. I also bought 2 other Seventeen Books after her love of this one! I recommend for any 12,13, 14 or 15 year old.

I expected more of this book because the other Seventeen book I got was great. This book is really small, small enough to fit in my purse. Also, I thought it would tell how to apply the makeup and stuff, but it was just tips. The tips were good, but they weren't in-depth. It does have a lot of tips and there is different tips for school, weekend, party, date, work, and pool. I was looking for a book that would tell how to get certain looks, but this does not. I don't think it was worth the money. I would not recommend this book, unless you just want tips.

My teenage daughter was begging for this book, so I ordered it for her. Please be aware this is not a full-size book, it is only about 4" square. She is happy with the beauty tips, etc, but was actually hoping for something a little more in-depth.

I purchased this book as part of my 16 year old sister's Christmas gift. She's always doing her make up and trying to look nice so I thought she'd love it. I just received it today and it's a tiny book. I expected it to be a normal book size but it's kinda "bite size", if that even makes sense. But nonetheless, it's pretty cool for a young lady. There's a tip on every page and some useful stuff that I didn't really even know. It's a great stocking stuffer for a young woman.

I enjoyed this book. The book gives you a lot of style options but I was hoping that they would be like the magazine where they show a picture of how you apply the make-up and how the finished look appears. As to the other comment, yes it is rather small. It is a very long though, which is why I would not compare it a children's book. This book was very informational which is why I give it a four star rating.

I don't know what I was thinking when I ordered this for my teen...thought it was a big book. It's only a 5" x 5" book, yes it's thick but I guess she'll love it since she did put it on her wish list. That's why I gave it 4 stars instead of 5. Just seemed a bit deceiving.

Very nice book arrived in great condition.

This book has the most incredible ideas for how to take of your hair and skin. I don't think I would've gotten to know as many of these if I had not read this book!!!! ALL THUMBS UP!!!!!!
