I bought this to take on my second trip to Minneapolis and St. Paul where my daughter just started college. It's a lovely area, but I don't think the author has been to the Twin Cities. We went to a few of the shops and places mentioned and they were nothing like as described, but huge disappointments. The author assumes you are going to shop only at the Mall of America, but we

were looking for small, local places. You can find out where to go from the local magazines in your hotel room. Don't waste your money on this.

I used the 4th edition (2004) of this guidebook to orient me to the Twin Cities on a week-long stay for a conference in 2006, and the book was a terrific resource. I wanted to venture off in my rental car and sightsee, and also, make like the residents eating, drinking, and appreciating neighborhoods. This urban guidebook was excellent. It really primed me for where to go, and also, I had some terrific meals along the way. Made me want to return to the Twin Cities again someday.
