Frank Nielsen is a self-described "ocean nut" born in Bountiful, Utah. He learned to love watersports while a teenager, when his family was posted to Beirut. Later he earned a Bachelor of Science in Ocean Engineering and worked for the U.S. Navy until 2000, when he became a full-time cartographer and map publisher.

The Franko's maps of the Hawaiian Islands take up little space, are made of waterproof material, and provide not only a good map of the area, but also highlights some of the favorite things to see or do on the islands. I have most of the maps that include: The Hawaiian Islands, Oahu Guide Map, Oahu Dive Map, Maui Guide Map, Maui Dive Map, Hawaii Guide Map, Kauai Guide Map and Kauai Dive Map. Six of the maps were available from .com with free shipping, but two had to be purchased from independent vendors and charged a small shipping fee. For the few dollars I paid, it was well worth it to have a great map that folds up and takes little space in my suitcase. Once I get to a particular island, I take it with me to know where I'm going and where I've been. Bring along a

Sharpie pen to mark the places you've been or want to return. The back side of the map has a blown up area of popular places, for example, Oahu has Waikiki Beach and the placement of hotels and landmarks. I highly recommend these maps for getting around the islands.

Very detailed and informative. Two sides with plenty of information to any traveler.

Awesome resource!! Lots of great info (2-sided) presented in a clear, concise manner - just get it!

Better than expected.

Get it if you are a new visitor, you won't regret it

Great map and quality.
