American Girl Doll Hair: Styling Tips and Tricks for Your Dolls

I love this book, I've used a few times but I've found that some hairstyles are explained better by watching on YouTube. But Most are best by trying over & over aging from what you learn from this book.

Really helpful and shows you how to do a lot of designs for the hair. Makes the dolls look very pretty. (quote from my daughter who uses the book!) Some of the hair designs are a bit redundant.

My 9 year old granddaughter took this straight to her room and started working on her doll's hair. Great book...clear, sharp pictures.

Came in better condition than expected. I am very happy as this was a gift.

My Granddaughters spent 2 full days when this first arrived. They continue to use it and the videos that go with it.

Mommy and great granddaughter will have hours of togetherness!!!

great for my 11yo who loves trying out new styles on her ag doll. she's gotten some fun 32 ideas.

Though used, it's great condition. Provided exactly what I sought. I sew clothing, etc for 18" dolls. My models aren't AG but the hair is similar. I have four dolls and my granddaughter is a fabulous hair designer and preps for my photo shoots. Each of my girls has a different hair style and all are different than what we have used before. Granddaughter and I were both excited when the book was received and spent a few hours yesterday making them ready for our shoot later this week.
