Trains: Steaming! Pulling! Huffing!

Synopsis

Trains, trains, trains! Giant engines snorting, puffing, steaming, pulling, rushing, huffing! All kinds of trains, from cabooses to hoppers and commuter trains to zoo trains, clickety-clack along the tracks. The mixed-media illustrations using clip art, etchings, original drawings, and maps will remind parents and grandparents of an earlier time. Children will enjoy the collages, puns, and delightful wordplay throughout.

Customer Reviews

My youngest loves trains, so of course I got this book for him. He enjoyed it. The illustrations were cute and the it was fun to read. My only problem was that a couple of the pages were sideways on the screen and when you flip device to read the page the whole thing shifts. I didn't like having to change the view while reading the book. Overall the book was wonderful and like I said my son loved it.

The book itself is beautifully crafted; the drawings are inventive and imaginative. I had thought our 3-year-old grandson, who loves trucks and cars and reading books, would be interested in this

book; but apparently the pages were too complicated for him to follow. We rarely made it all the way through.

explains kinds of trains sound and thing, nothing to fancy

My 2.5 year old just recently discovered a fascination with trains. This book does a great job showing the variety of trains. The illustrations are fantastic and the rhymes make the book a lot of fun to read.

I have two boys 3.5 and 1.5 years old and they are obsessed with this book. We have to read it over and over again. I would recommend this book to anyone who has a little one who loves trains.

Beautiful illustrations, great word play. This book has wonderful rhythmic language that is descriptive and thoughtful. Love Patricia Hubbell's work.

liked this one and so did the kids.

Great book, words flow well. My 2 year old son LOVES it and loves the illustrations. I do think it is better as a book rather than on the kindle as we have it. I would like to buy the paper version as well.
