Chateaux Of The Loire Valley

Synopsis

The architectural heritage of the French kings is nowhere as present as in the Loire valley. Magnificent castles, sophisticated gardens, and sweeping parks demonstrate both the monarchs' power and appreciation of art, attracting and fascinating uncounted visitors to this day. Sixty of these works of art have been captured in brilliant color photographs for this book: the Hall of the States General at Blois, the Saumur and Angers fortresses, the picture-postcard castle of Azay-le-Rideau built in the middle of a river, and, impressive and shrouded in legend, the massive Chambord castle. The substantial texts describing individual castles are complemented by a map, a timetable, a genealogy of the kings of France, a glossary, and a bibliography. This is a fascinating book for all lovers of the Loire valley, all travelers, and anyone with an interest in history.

Customer Reviews

Jean-Marie Pélissier de Montclos studied at the Paris Institute for Political Studies and received his doctorate from the faculty of humanities. He is the author of a great number of articles and books on architecture. He was vice-president of the National Commission for the Protection of Historic Buildings, and he is a member of the French Academy of Architecture in Paris.

This book was exactly what I was looking for. It has high quality pictures and interesting details about the history of each castle. Also, it gives a breakdown of the families that were in power in France which is also very interesting. I'm so glad I got this book!

Nice book I gave it as a Christmas giftMy friend was thrilled as we had just come back from there

Gorgeous book that will remind us of our fantastic trip to the Loire. Short on information but packed with amazing photos!

Informative and beautiful.

Good book. Good text, fine paper and very nice color photos. You know, Ullmann Press is guarantee of good quality.

Lovely book

Different then I thought it would be, but none the less interesting..
