Customer Reviews

New

Thank you!

exactly as advertised

Book was very worn when I received it

This book contains the information those studying health administration need to know. It is also organized and presented in an easy to understand way. I am so happy that my instructor chose this textbook for my class. I highly recommend it!

Excellent

Very good and easy reading book. One case study all way through the entire book. More case examples for discussions, which are useful for applying theories.

+A

I a good read
