Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

great book

I was hoping for another book of songs to play solo, but most of these are duets. And the solos are fairly advanced pieces of music. I was looking for some new songs to add to my repertoire. I'll find them elsewhere.

I was expecting the songs to be easy, but honestly the songs were quite a bit too easy. Melodies are simplified and "dumbed down." There are some decent song choices, but this book really isn't

going to challenge a beginner very much.

Helped me improve with songs and reading!

No tab or chord charts. A total waste.

Happy with this product

easy songs even a 50 year old beginner like me can play and enjoy, making learning to play the mandolin more fun

I have a soft spot for Rich DelGrosso's Mandolin Method, but this book is a letdown. The book is short (about 34 pages) and the melodies on the simple side. I know it says "easy" in the title, but this is ridiculous. I thought it was a companion volume to his method, but in fact you could go completely to the end of this book after doing only about 40% of his method. The one plus I can say is that they did the accompanying CD right: the mandolin on the left track, the mandolin accompaniment on the right, without the channels being mixed together or there being any other decorative distraction on the CD. If you buy it, make sure you're getting the edition with the CD. They also sell just the book alone.
