One-Punch Man, Vol. 11

Synopsis

Life gets pretty boring when you beat the snot out of every villain with just one punch. Nothing about Saitama passes the eyeball test when it comes to superheroes, from his lifeless expression to his bald head to his unimpressive physique. However, this average-looking guy has a not-so-average problem—he just can't seem to find an opponent strong enough to take on! While Saitama's distracted at a martial arts tournament, Centichoro, a threat-level Dragon monster, attacks! Metal Bat engages it in battle but struggles against its gargantuan size. The monster knocks him into the distance and right into the path of hero-hunter Garo!

Manga creator ONE began One-Punch Man as a webcomic, which quickly went viral, garnering over 10 million hits. In addition to One-Punch Man, ONE writes and draws the series Mob Psycho 100 and Makai no Ossan. Yusuke Murata, a highly decorated and skilled artist best known for his work on Eyeshield 21, won the 122nd Hop Step Award (1995) for Partner and placed second in the 51st Akatsuka Award (1998) for Samui Hanashi.

When I label it above because the story is disjointed and skips chronologically through out the Takuban. Still it's all good in the end since I still enjoyed all of it. I've been reading it since the start and will not be stopping any time.

This is one of my all time favorite manga/anime titles. I love that this series pokes fun at other manga in the same genre. I've finished the anime and am on book 5 of the manga and so far the story lines are spot on. Every volume leaves me laughing my butt off and eagerly awaiting time to read the next.

Once again, One Punch Man leaves me with a smile, a clenched fist, and a burning desire to punch something really hard. ONE is a genius storyteller and Yusuke Murata's art never stops impressing me, as every page is as full-detail as the last. We get to see some Metal Bat action in this volume (he quickly became a favorite of mine!) and Saitama is entered into a martial arts tournament in disguise. This arc should be fulfilling and hilarious. If you own the previous 10, you know what kind of enjoyment you are in for.

Still an awesome series, but it's really becoming more and more filler. Also, with so many characters it's focused less and less on Saitama.

I love One punch man!!!! You need to hurry up and put ONE's other famous work on here. Mob Psycho 100

Can't wait until they finish animating this. I think they stopped at vol. 10 in the series.

You need to read all of the Manga volumes if you like the show. So funny, so cool, so much more story and detail, the character development is much more extensive. Plus I get to look smart reading a book(though its like watching a movie that I never want to end)

this books are awesome!!! they get better and better
