Pope is an Associate Professor of Accounting at the University of Kentucky. He has a BS, MS and doctorate in business administration. He serves as Director of Graduate Studies for the Masters of Accountancy program.

This book is poorly written with many grammatical errors. The way the tax law is described is meandering and lacks logical flow. The book's examples are frequently not helpful and did not prepare me well for exams.

I love it-if you can love such a thorny topic. :)

In good condition! Has helped a lot with my corporate tax class!

Needed a paper copy as the online class was not user friendly. Just what I needed! As described. Thanks!
