Danger In The Shadows

Synopsis

A Prequel in The O'Malley Series A CBA Bestseller A RITA Award-winner National Reader's Choice Award Booksellers Best Award Sara's life is not her own. Under FBI protection, her name is what they tell her, her home is where they send her, and she's never there for long. A faceless stranger haunts Sara's dreams. He's the man who abducted her as a child and continues to stalk her, determined to end Sara's life. Which makes falling in love with a man as high profile as Adam Black a bad idea - and a dangerous one - for both of them. --This text refers to the Hardcover edition.

Best Sellers Rank: #166 in Books > Audible Audiobooks > Fiction & Literature > Short Stories
#166 in Books > Audible Audiobooks > Fiction & Literature > Religious Fiction #3493 in Books > Christian Books & Bibles > Literature & Fiction > Romance

Customer Reviews

Dee Henderson has been one of my daughter's favorite authors for a very long time, but I had never had any interest in reading her stories. A few days ago I noticed I had this book on my audible shelves and decided to give it a listen. I'm glad I did! Ms. Henderson is a popular Christian Romantic Suspense author whose stories are part thriller, part mystery, part romance, and always inspirational. She takes the readers deep inside the minds of the "victim" and/or the lead characters, allowing us to watch them rely on their faith in God to help them through whatever it is they're facing. *Danger in the Shadows* is a poignant tale of one woman's life in hiding, running from a deranged man who killed her twin sister when they were just little girls. The memories of that time, the survivors' guilt, and putting her trust in God to see her through is a huge part of the story, along with Sara fighting her growing feelings for Adam, a man who refuses to let her battle her demons alone. All in all this is a great story! The narrator's voice is rich, deep, and captivating. I'm often thrown off kilter by a male giving voice to a female character. Even though Tom Stechschulte's deep

voice did take a bit of time getting used to, I'll definitely be looking for more audio books by this talented narrator, as well as more stories by Dee Henderson.

This is the book that got me started on Dee Henderson. I read this in 3 days. Could not put it down till I couldn't keep my eyes open any more to read and fell asleep just to wake up thinking about what was to come next in this story!!!!!! I am thankful that I found Dee's books after she had written nearly all. I had to only wait for ONE to be published. I could NOT have imagined waiting for each and every story to be written then published. I had the luxury of reading one after the other and got my sister "hooked" on her too!!!!!! This author writes.....well, as if these characters are your friends and you can't wait to talk to them.

I hadn't expected this book to be as strong as it is, or as willing to see the horror, agony and darkness some of us have gone through. Dee Henderson is clearly willing to see those things and how someone can hold onto God as she lives through them. God's comfort, strength and glory is surely present as the heroine, her brother and the man who learns to love her are trapped in darkness and must struggle to reach the light. It's a fraught and deeply moving journey, and I was in tears and praying when I finished reading. The best stories, overtly Christian or not, lead us closer to God. This one certainly does. Thank you, Dee Henderson!

From the first moment we see Sara, she is intent on reaching the groundfloor of her office building safely. She is ultra aware and suspicious, hesitant to share an elevator with an unknown man. When the elevator gets stuck and the lights go out she's well on the way to hysteria. Adam doesn't know why, but he's intent on helping Sara master her fear. When the power comes back on and the elevator begins to move Adam is more curious than ever. Who is this woman and how can he see her again? The answers to those questions keep Adam involved and determined to protect Sara whether she wants him to or not. This is a highly suspenseful book and you don't know all the answers until the last few pages. Dee Henderson's descriptions major on character. You know each person and their values and motives, rather than just appearance and actions. Her plot is tight and often convoluted. I highly recommend this book. It's outstanding!

Although I usually like to read about ordinary people rather than the rich and powerful, it's refreshing that these rich and powerful people are Christians who live morally. Unlike so many stories where the conflict separating the hero and heroine is a misunderstanding or something easy to fix, this

conflict is a life-and-death situation. Adam is a high profile public figure, and Sara must live in the shadows in hiding from a stalker who kidnapped her and her twin sister as young children. The twin died, but Sara was ransomed. However, she still isn't free. Her kidnapper/stalker must be stopped or Sara's life will be in danger if she makes a life with Adam.

This book was mesmerizing! I was hooked 10 pages in and hated putting it down. Well worth the price. I loved all the main characters--Sara, Adam and Dave. I only gave the book four stars because there was no rationale for the thing that broke the case after 25 years. Compelling, clean romantic suspense. I highly recommend this book.

This book will absolutely keep you on your toes! Filled with suspenseful moments that captivate you and keep you turning pages to see what happens next! It's also a heartbreaking story with a character who's learning how to trust God to truly help her live her life in spite of the circumstances she faces. And to allow herself to find real love. The battles each of them face, teach each of them to Trust God to be with them and bring them through no matter what. Loved the tender story woven throughout the heartache and pain and the bonds that are forged with each relationship. A powerful story, not to be missed!

Dee Henderson is an excellent author. Loved this book. Can't wait to read the next one. The suspense was just the level it needed to be. It kept me turning the pages until the mystery was solved.
