Reading The World: Ideas That Matter (Third Edition)

Synopsis

The only great ideas reader to offer a global perspective. With 80 readings by some of the world's greatest thinkers •from Plato to Gandhi, Carl Jung to Edmund O. Wilson, Gloria Anzaldúa to Toni Morrison •Reading the World is the only great ideas reader to offer a global perspective. Selections strike a balance between western and nonwestern, classic and contemporary, longer and shorter, verbal and visual.

Customer Reviews

Michael Austin (Ph.D., University of California at Santa Barbara) is Provost and Vice President for Academic Affairs at Newman University. He was previously Dean of Graduate Studies at Shepherd University, where he taught composition, world literature, and British literature. In addition to Reading the World, he is the author of A Voice in the Wilderness: Conversations with Terry Tempest Williams.

I downloaded the digital copy to my Samsung tablet using Kindle app for Android. Could not enlarge the font. Bought the Kindle E-Reader Paperwhite, could not enlarge the font. Bought the Kindle Fire 8" tablet, could not enlarge the font. None of the devices had the capability to enlarge the font. They could only enlarge the screen, which made the page not fit in the display. this digital book is not like other digital books that let u access reading features from your device. Devices do not work with this digital book. This digital book is a waste of money. Very frustrating. A physical book is best option

here.

This is excellent- students are engaged by the essays. The chapters on writing techniques in the second half are extremely well done. Students actually pay attention and try to follow the instructions, which are clear and specific. Their essays have become more coherent and focused. This is the first semester I've used it. I'll continue to use it.

The book itself is in great condition. Not like the books I rent from school.

This is not your run of the mill freshman reader. The reading choices are thoughtful and span global and chronological space.

Practically brand new.

what was expected

Great Book

Book was very helpful in my sons class
