Wilhelmina Guide To Modeling

Synopsis

Every year, thousands of young men and women descend on America's largest cities to make it big in the world of modeling. Unfortunately, most of them end up disappointed because they lack the knowledge they need to work in this exciting industry. A few do make it, though, and you can be one of those who do. In *The Wilhelmina Guide to Modeling*, Natasha Esch reveals all her secrets to give you the edge you need. In this informative and illustrated manual, you'll learn about: How to get started and find the right agency. The modeling opportunities in domestic and foreign markets, including new opportunities in the plus-size, male, and ethnic segments. The people who make it happen, including interviews with models, photographers, and stylists. And much, much more.

Dominique Palombo Photographer for Seventeen and Mademoiselle If you want to know about reality -- not glamour and gossip -- read this. This guide will definitely give a head start to anyone thinking of becoming a model. Top Model Magazine Natasha Esch shares the experience and insight of her own success in the exciting but competitive world of modeling. A must-read for any aspiring model looking for inspiration.

Natasha Esch is the president of Wilhelmina Models. She is the author of *Wilhelmina's Guide to Child Modeling* and *Wilhelmina's Modeling and Acting Dictionary*. She lives in New York City.

Being a photographer myself, I thought it would be a good idea to get some info about modelling from the model's side of the industry. I found this book most informative, and enlightening.

A very professional beginner's guide to child modeling. I bought this for a friend whose daughter, a 5-year-old, had won a few pageants. This book, along with a couple others, were helpful in landing her daughter some actual, paying child modeling jobs. In the end, I think that's the biggest compliment I can pay to the author. I'd definitely recommend this for anyone in a similar situation!

Been modeling for 6 years locally.. Hoping this book would help me finding out more info about bigger markets & it wasn't much help. It is outdated a bit. If you are a complete beginner in modeling I could see how it could be helpful a bit.

Great book with great information for aspiring model

Save your time and money; you can find out more info doing an internet search.

Clear basic look into the requirements to be a model. Excellent. Photos and interviews were also extremely insightful. Thank you!

Great resource.

Great information if you are trying to break into the business. Provides good tips on what to do and how to get there.
