Martha Cheng came to Hawaii for a boy and stayed for its food, ocean, and people. She is the

former food editor of Honolulu Magazine and now writes feature stories for local and national publications on everything from squash farms in Waimea to fly fishing in Maui. Originally from San Francisco, she's a former pastry chef, line cook, food truck owner, Peace Corps volunteer and Google techie. These days, she surfs, eats and writes.

If you are a first-time visitor to Hawaii, this is the book for you. Don't make the mistake of staying in Waikiki and rent a car to see the real Hawaii on the windward side of the Island. Far too many people stay in Waikiki and leave feeling that Oahu is just like visiting New York City!

There is a lot of information in this book. I would have needed to be in Oahu for almost a month to use tips given. Read weeks before your trip to take full advantage of planning and suggested must see/things to do. I bought 2 books at the same time also purchased Oahu Revealed.

Not the most comprehensive guide, but an excellent portable reference for anyone planning a short stay in Honolulu and Oahu. It fits easily in a purse, unlike most guidebooks. The guide covers all the most important and interesting sites on the island, and lists many good hotel and dining options.

Great pictures, maps and descriptions. This saved us time and energy and added fun to our vacation. It had specific recommendations depending on how many days you have and was written by someone who has lived in Hawaii for years. Had some good restaurant recommendations so we had many yummy meals and cocktails.

This book was very helpful. We didn't stick to this exactly when we were there because of other plans but helped knowing where things were located and what was close to what. Great to make plans with.....Honolulu was awesome!!

We had it with us every day while in Hawaii...It was a got to source.

Way more things in more detail than anticipated.

Has all the info needed.
