Customer Reviews

"concise descriptions of take-outs and put-ins, water gauges, rapid class, level and gradient"; Ocala Star Banner;"The waterways of the Sunshine State have never had a better paddling advocate. "most important distinction of this new publication is its maps... clearly superior to those found in most other guidebooks." •SweetTea journal

Wet your paddle and whet your paddling appetite with the authority on paddling the scenic waterways of Florida - *A Canoeing and Kayaking Guide to Florida*. Completely revised, it combines volumes I and II, of *A Canoeing & Kayaking Guide to the Streams of Florida* and includes new river maps, new and updated river profiles, and new photographs. New At-a-Glance Information includes critical river data such as: River ClassificationRiver GaugeWater LevelWater GradientRatings for SceneryTime to paddle With over 60 detailed profiles of the best canoeing and kayaking waterways in Florida, this guide is as indispensable as the paddle and life jacket. From the exciting and

beautiful runs of the Panhandle's Econfina to slower paddles through wildlife-rich Everglades National Park, A Canoeing and Kayaking Guide to Florida details the Sunshine State's best paddling experiences.

Most travel adventure books read like they have been prepared by the Chamber of Commerce, all glitz and no gravity. This book, on the other hand, was cram full of useful and hard to find information, which no one could provide who had not experienced it personally. My wife and I are taking the advice offered and using this as a valuable resource when planning our excursions.

The content is excellent, but I cannot recommend this as an e-book. It's supposed to be a guide, region-by-region, to the rivers and waterways in Florida. However, there is no Table of Contents, nor any other way to navigate to specific regions or waterways. Whoever converted this to an e-text did a lousy job. Save your money. Buy this one in print. I returned mine for a refund.

Best Florida guide book. It really gives you what you need to paddle each place. This is my third copy purchased to share with friends. Great info on the best places to paddle!

This book is ok/average....it will get you to the launch site. It is a rather borish read. Wish the author would take the reader with him while paddling a particular waterway. This book is mostly a ' how to get there' information book rather than a detailed map(s),campsite amenities, flora/ fauna,history of the area book....

Great book and guide for the state of Florida

Handy guide for the the state of Florida.

Haven't used it, just looked briefly,but looks like a good guide

Good
