How To Interpret Dreams And Visions: Understanding God's Warnings And Guidance

Synopsis

Is God Trying to Tell You Something? Have you ever had a dream or vision that was so vivid that it remained with you for days? It is possible that your dream had a spiritual connotation and your vision was a message from God. In How to Interpret Dreams and Visions, best-selling author and evangelist Perry Stone explains the guidance and warnings encrypted in our visions and dreams and includes an extensive list of common dream symbols. With his unique blend of Bible knowledge and spiritual insight he provides answers to questions such as; Is my dream really from God? How do I distinguish between types of spiritual visions? Why am I having nightmares or unclean dreams? What do my dreams of a departed loved one mean?

Customer Reviews

There is no question that every person will have a dream at one point or another. Some will even have visions. But both experiences often leave people searching for interpretations. What did the dream mean? Is it a warning? Is it advice? Is it preparation for things to come? In this book, best-selling author Perry Stone will answer these questions and cover topics such as: The purpose of dreams and the revelations they bring Why dreams use symbolism and why they aren't simple and plain Learning to listen to your partner's dreams and warnings Why some dreams are delayed in coming to pass The significance of nightmares and dirty dreams True dreams versus false dreams The difference between psychic voices and prophetic voices What it means when you dream of a departed loved one What it means when you have the same dream more than once The possibility of a warning dream being changed through prayer The book will also include an

extensive list of symbols found in dreams and will discuss what it means when you find these object in your dreams: Doors, oil, and lamps Animals such as bulls, cattle, pigs, swine, snakes, and birds Trees and rocks Wind, water, ocean, fire, tornadoes, earthquakes, lightning, and storms Fields, wheat, and flowers Swords, arrows, and chains Various food items

Â Perry Stone directs one of Americaâ™s fastest growing ministries, Voice of Evangelism. From its 70,000-square-foot International Ministry Center, Voice of Evangelism is striving to reach the world with the gospel of Christ through revivals, television, audio/video media, printed material, and missionary sponsorship. Perry has authored over forty books and booklets and produced over one hundred videos and DVDs and hundreds of audio teaching albums series. Perry publishes The Voice of Evangelism magazine. Manna-Fest with Perry Stone, a weekly television program, can be seen nationally and internationally via cable and satellite systems around the world. Â Â

In these last days I have had some spiritual dreams and I was needing to know the meaning. This book has not only taught me the meanings but is also a tool in helping me help others with what their dreams mean. I have had a confirmation that Perry Stone is one of the true men of God that we need to be listening to. Especially in these last days. Since I have been listening to his teachings, I no longer dream of wolves.

Awesome book. Still working on it. It's not just a reading book but also a workbook to help you learn how to interpret dreams and visions. If you have dreMs and visions that you believe are from God, then this book is for you

Great Book !! Recommended for those having trouble.....

This is NOT a how to interpret dreams book,even though that's what it says that it is. It is more of a mindset book, maybe how to look at dreams. If you are looking for something to explain why you dreamed about a lake then this isn't for you. If you are wondering why you've always dreamed of doing something but feel as though it'll never happen, or that it happened too fast or that you missed your chance then this is the book for you.

This is a book I ordered for my son. He was in jail at the time, and I guess they didn't allow books with imitation leather. It's a shame. When he left a few weeks ago, they said it was in property but

they couldn't find it. UGH. So, when we were there visiting recently, and passed through that town, I checked myself and they said he had to have picked it up or signed something to say he didn't want it. He did not sign anything of the sort. I was very disappointed as this is a special edition. I may order again for us and my son, now that he's home. But I'm not happy with the jail. At any rate, I know all of Perry's books are reliable and full of good information. I don't have to read them in full to know they will have information I haven't seen or heard. He does his research and relies on discernment to discover things from God's Word that most just don't see or overlook.

A Review by Don the Baptist of Perry Stone's Text Entitled How to Interpret Dreams and Visions

As with the purchase of any book addressing a subject as abstract as dreams and visions, I knew I was taking a chance; therefore, I was neither surprised nor dismayed by the content of the text under discussion herein. These things are to be expected. To be brief, if one is looking for a Bible-based, in-depth, theologically sound treatise on the subject of Biblical dream interpretation, then this is NOT the text for you. (If you find one let me know.) If, on the other hand, one is looking for a light and frothy account totally lacking in substance of one man's unverifiable experiences of dreams, visions, and their interpretation, then, by all means, punch the "Add to My Shopping Cart" icon now. I would estimate that less than ten percent of the work actually addresses the subject promised in the title. The majority of the material follows a dizzying array of highly suspicious accounts of dreams and visions in the life of Perry Stone, an admitted adherent to the Assembly of God movement (Page 1, third line of text). It is important to note Stone's denominational affiliation as it is the hallmark of the Assembly of God/Pentecostal movement to seek for signs and wonders when, in reality, there is neither sign nor wonder immediately present. Particularly troubling is Stone's belief that he had a dream that foretold the 911 World Trade Center attacks (While there are many other dreams and visions discussed from Perry's perspective, we will focus on only one in this review.). This is profoundly problematic because the dream impacted no one of consequence, saved not one life, and served no purpose to anyone other than, well, Stone himself. It seems that he has sold some books at the expense of the victims of that dreaded day. This is where the denominational affiliation comes into play. Stone, and likewise the Assembly of God/Pentecostal movement, routinely have perfect 20/20 hindsight, not unlike a circus sideshow carny. Please keep your eyes on both of his hands at all times because he will, at some point, reach for your wallet. Scripturally, [This paragraph is not based on Stone's work.] for a dream or vision to be sound it must be verifiable. It must be recorded by some means beforehand. And it must be

clear that the dreamer was not causative in bringing the event to pass. (Wow! I got all of that from just a casual reading of the Bible. Maybe I should write a book on dreams.) Perry fails on all three points. (I am not suggesting that Perry was involved in the 911 attacks, but rather that he fails to meet even the most basic of Biblical criteria governing dreams and visions.) Nonetheless, the Pentecostals will likely love this book and cherish it always. The best quote of the book is not by Perry himself, but rather from the lips of his father. He remarks of a particular dream related to him, "Sister, I believe you had too much pizza before you went to bed (Page 172)." In South Texas "my place of origin" we say, "No jalapeño-cheese nachos after 8:00pm." Freud himself said, "Sometimes a cigar is just a cigar." Now then, my apologies for penning such a brief review, but I simply have no interest in commenting further on such a pointless text. It is, however, at times like this that I am pleased "to no end" that I had the foresight to purchase this text via .com. Let's see, provided a service for which they have been paid; this is good for the economy. A bookstore somewhere got a piece of the action as well as a warehouse/bookstore clerk who packaged the thing and sent it to me; again, this is good for everyone involved. And finally, the Post Office got a little bit, still good. Nonetheless, it is most important that neither Perry Stone nor Charisma House (the publisher) saw a dime of my money as I purchased this copy used. Thanks !

Very good read.

this is for my wife and it gets used all the time
