## Customer Reviews

Well, I'm a Broncos fan and I wanted this for the Little Man. It's really not a little kids book. I'm getting a disconnect between a child's board book and the actual higher level content inside the book. I'll put it away for when he's older because right now, our toddler is not too interested. I'm kinda disappointed that it's not fun for him right now.

My husband is a die hard Broncos fan (I'm a Bears fan, I know, I know). I bought this for our sons to read to get into football more. They love it! It talks about Miles and the stadium and actually keeps them quite interested like any other book. My husband reads this to them on game day every time! It's pretty awesome. Even for a Bears fan...

Got this for my 1-year old and his Broncos loving dada for Christmas. It is well written, super cute AND very informative!! Definitely something that the two of them can read over the next few years

and a great way for my husband to introduce his son to a sport and a team that he loves.

This book is wicked cool. My husband is as big a Broncos fan as they come. We got it for our 18 month old for Christmas and it keeps him interested, and Daddy loves it!!

Cute book for little Broncos fan!

This book is fun reading for any young football fan. It's simple to read and has pictures to illustrate everything. It not only gives a brief history of the team and its traditions, but also describes the player positions and explains some basic football terminology.

Our son doesn't understand yet but it definitely will help him. His dad loves reading the book to him.

What a cute way for a new Dad to start sharing info about his favorite team
