Book by Da Paor, Louis

Very happy with this little book, in excellent condition. I couldn't be happier with the Celtic illumination.

This is a gorgeous book, which encourages self reflection in a direction not usually encouraged.

The book has wonderful illustrations and lots of information.

this is the most gorgeous book i've ever seen, and it's a date book so it's completely versatile. it's the perfect size to put in your bag and bring with you. there's also a description of each of the 4 minor solstices with a poem or legend about it. each page is filled with beautiful poetry written in calligraphy paired with artwork. it's the best book i've ever seen, and since it isn't year specific (there aren't days of the week along with the dates) you can buy a new one every year and use it all over again!!!

I never thought that I would find a book like this! It was absolutely amazing because it was written so well. It helped me a great deal in finding out about Celtic traditions, folklore, and many other things! If you are at all interested in Celtic folklore and would like a book that's easy to read and understand, this is the book for you! I promise, you won't be disappointed! Happy reading!

I heard him read some of his poems tonight and they are absolutely amazing!! I bought the book and absolutely love it!!
