Love this book. A must read for Disney fans who want to read and get more information about their favorite park.

This is such a great book! I'm obsessed with Disney history, so anything that helps me learn more about the parks is perfect. The pictures aren't great since they're all in black-and-white and are fairly small, but the anecdotes and encyclopedic entries are outstanding.

Great book. Just fun to sit down open any page and start reading. May be my favorite Disney related book.

I couldn't wait to get this book and expected great things. Unfortunately, I was disappointed because although there may be a lot of new pictures in it, they are all in black & white.

My grandson loves this book! He is 11yrs old.

The book is interesting and I like it very much in it's descriptions of the park. I always wanted to know about Disneyland. And I thank the author on the book.
