As a team of veteran travel writers, Darwin Porter and Danforth Prince have produced dozens of previous titles for Frommer's™s, including many of their guides to Europe, the Caribbean, Bermuda, The Bahamas, and parts of America's™s Deep South. A film critic, columnist, and radio

broadcaster, Porter is also a noted biographer of Hollywood celebrities, garnering critical acclaim for overviews of the life and times of, among others, Marlon Brando, Katharine Hepburn, Humphrey Bogart, Howard Hughes, and Michael Jackson. Prince was formerly employed by the Paris bureau of the New York Times, and is today the president of Blood Moon Productions and other media-related firms. In 2008, Porter and Prince released *Hollywood Babylon*, their newest book about Hollywood, sexuality, and sin as filtered through 85 years of celebrity excess.

I have purchased a lot of travel guides and have done a lot of traveling in my life. However, this is one of the most disappointing, poorly written, travel guide I have ever used. First of all, the majority of the book is lodging and dining info, mainly expensive places with little info for the budget traveler. Most of this info could be found via the internet with greater accuracy, depth, variety, etc. That was about 2/3's of the book. For some of the more important spots like Charleston, Charlotte, Atlanta, and Savannah there was little info about history, what to see and do, etc. And most of the info was old and inaccurate. I was able to get more info, using my iPhone. Take my advice, skip this piece of poop guide and use the internet. You will be much better off in the long run. Another piece of advice, skip Myrtle Beach, SC totally! It is nothing but a bunch of hotels, bad food places, cheap beach items and miniature golf courses.

Useless book but no big deal. It was so cheap. I will donate it to my local library. But the good news.. both North and South Carolina are beautiful states to visit. The Biltmore Estate in Asheville NC was fantastic. The azaleas were at their peak.

We ordered this item almost a month prior to our vacation departure date. It never arrived. What to do on vacation is useless if you are not on vacation!

Arrived in perfect condition; true to Frommer's form was just what I wanted.

Few photos, few maps. Few photos and maps. Don't has one summary of the most important items. Don't has the most important museums. I do not recommend.

Just a few pages were torn out at the end of the volume-not critical or so it seems to me

Nothing short of awesome! Frommer's always has great info. We usually like choosing the "hole in

the walls" and "locals" type joints to experience for dining and even staying. Even the inside details, i.e. history, are interesting. We don't go anywhere without a Frommers!

The book was ok. It just didn't make clear the massive building of condos and other buildings in places where we thought the coast was clear. Matbe our misread. The outer banks were the pits.
