This is a nice general book for LDS folks who want to see historic sites, but it is a bit out of date. The site information is on the whole still OK but the information of lodging and dining is no longer current. Some of the businesses are no longer operating, newer ones are naturally not listed, and the pricing is obsolete.

Good Product

Thank you. just what I needed.

Helps with background information on all of the sites, as well as travel time between sites. Worth the money in helping plan your trip.

Indispensable when you want to know in depth the historical places in the East. Highly recommended

This book helped us plan our trip and know what to see plus the history of the site we visited.

This book was so easy to read. I loved the maps, directions, suggestions for important places not to miss, the phone numbers, and the history.

This book is great. A must read for travelers
