Love this book! Got it for my son to sing and read to our grandson. My sons and I used to sing this fun song when they were little and this book will help continue the tradition. It's a great lil' board book with cute graphics kids are sure to love. Book is made well too. Definitely would recommend

sharing the fun.

Great song and message

I love Caroline Jayne Church's art work and this book continues the love. The board book is holding up well to my toddlers and the pictures are adorable. There are times it is difficult for me to keep up with turning the pages while singing the song, since they did only a short segment of the song, but it's the perfect amount for toddlers. For my personal bonus, I have boy/girl twins and this book mimics their experience.

This was a song I sang with my school children, then my children and now with my grandchildren. Great to find this is such a easy way to present to little ones. Thank you Caroline Church

This is just such a happy book. Based of the song, so it's easy to sing or just read. My blond-haired boy is great friends with a brown-haired toddler, so this is a great gift.

Great little book for my two boys, who are close in age. Helps them realize thing are better with each other than apart and how to be sweet. Easy bedtime read - couldn't ask for more!

Love these books.

One of the songs I love to sing to my grandkids when I visit. So, I bought this for my 3 1/2 year old grand daughter and she loves to sing along as she turns the pages for her 1 year old little brother.
