Customer Reviews

When I put in perforated sheets in a coloring book this one popped up among others. It does not have perforated pages making them very dicey to remove. I donate most of my pictures to an Special Needs group so I like them to look neat.

Very nice! I just, started this new hobby and bought the 72 piece Prismacolor Premier colored pencils, sharpener and the rubber kneaded eraser' s! Being disabled and stuck in bed, have to find creative ways to keep my mind intact, can only take so much t.v. reading, before boredom sets in.

This was for a gift and was well received. I looked at the designs and I thought a greater part of them would be fun to color and I almost kept it for myself. I will keep it in mind for the future, but right now I have a stack of books waiting to be colored.

Never thought I would be coloring again but it is fun and relaxing.

NOT A FAN OF THIS BOOK. The paper is cheap, the black lines of the drawing smudges, the paper is thin. I would not pay the price again.... it might be great for younger kids or beginners but the smudging alone is crazy stupid.

Awesome inspirational quotes with beautiful backgrounds.

very nice!
