Customer Reviews

I was under the impression this book was going to enlighten me. There was no indication before purchasing that I can't share books in Australia. But maybe I haven't read it right! In which case! Get my drift!

I wanted to learn how to share books between two Kindles within the same family. After reading this booklet I still want to learn how to share books between two Kindles within the same family.

It is too confusing for me to share and would love to share with my sister in law.but can't seem to get it to work.

Why do we need this?

I can't wait to get this. I'm so glad they're doing it. I have so many books, I would love to share.
Does this mean the book will be removed from my Kindle?

Without the help of this manual of direction one would have floundered about for a very long time.
Everyone has needed a good nudge for success, this was mine I sincerely hope that it is yours.

good read

This book really helped me learn how to share Kindle books to family members and anyone else
that we would like to share with.
