Indestructible: One Man's Rescue Mission That Changed The Course Of WWII

Synopsis

In this remarkable WWII story by New York Times bestselling author John R. Bruning, a renegade American pilot fights against all odds to rescue his family--imprisoned by the Japanese--and revolutionizes modern warfare along the way. From the knife fights and smuggling runs of his youth to his fiery days as a pioneering naval aviator, Paul Irving "Pappy" Gunn played by his own set of rules and always survived on his wits and fists. But when he fell for a conservative Southern belle, her love transformed him from a wild and reckless airman to a cunning entrepreneur whose homespun engineering brilliance helped launch one of the first airlines in Asia. Pappy was drafted into MacArthur's air force when war came to the Philippines; and while he carried out a top-secret mission to Australia, the Japanese seized his family. Separated from his beloved wife, Polly, and their four children, Pappy reverted to his lawless ways. He carried out rescue missions with an almost suicidal desperation. Even after he was shot down twice and forced to withdraw to Australia, he waged a one-man war against his many enemies--including the American high command and the Japanese--and fought to return to the Philippines to find his family. Without adequate planes, supplies, or tactics, the U.S. Army Air Force suffered crushing defeats by the Japanese in the Pacific. Over the course of his three-year quest to find his family, Pappy became the renegade who changed all that. With a brace of pistols and small band of loyal followers, he robbed supply dumps, stole aircraft, invented new weapons, and modified bombers to hit harder, fly farther, and deliver more destruction than anything yet seen in the air. When Pappy's modified planes were finally unleashed during the Battle of the Bismarck Sea, the United States scored one of the most decisive victories of World War II. Taking readers from the blistering skies of the Pacific to the jungles of New Guinea and the Philippines to one of the war's most notorious prison camps, *Indestructible* traces one man's bare-knuckle journey to free the people he loved and the aerial revolution he sparked that continues to resonate across America's modern battlefields.

Customer Reviews

"Paul Irvin Gunn's time in World War II is the stuff of legends - and its fast-paced, page-turning telling in Bruning's book does the man's Herculean feats justice.... The book reads more like an overly-detailed movie script than a work of historical non-fiction, complete with a heart-wrenching love story and heroic conclusion.... *Indestructible* offers a glimpse of the Pacific theater like you've never before seen." â••Men's Journal" "This is a beautifully told story of a family separated by war, and of an extraordinary father, driven to avenge his family, who by sheer force of character changed the nature of warfare. A superbly told tale of love, honor, courage and devotion." â••Alex Kershaw,
