This book provides a good amount of information, but isn't exactly what I was looking for. I'd like a book that serves more as a workbook with checklists.

This book provides needed info for moms involved in planning a wedding. It would be especially helpful to those planning a large a wedding.

Its not as I expected but has some very good tips

The book states the obvious

fun helps me keep up with the bride lol.....

Pretty general info and not much detail. This book might be more helpful as a starting point for someone who has never organized a party before.

I gave this as a gift and the mother of the bride said it has so much helpful information.

It's really all you need on your nightstand during the planning months of a wedding.
