Customer Reviews

I believe that there is a big mistake on this book. In reference to taxes it says: "TEMPORARY residents of the country pay taxes only on Panamanian-sourced income"I found a Panama Highlights 2015 made by Deloitte on the internet. In reference to Personal Taxation they say: "Both residents and non residents are taxed on their Panama-source income"

I read this book in half an hour or less. In my opinion it would have been skimpy even for a magazine article. I don't think you'd have trouble finding the same information online in an almost equally short amount of time.

Good easy read. Good information on traveling or relocating to Panama. It's smart to read up before you wander around.
