Encyclopedia Of The Great Plains Indians

Synopsis

Until the last two centuries, the human landscapes of the Great Plains were shaped solely by Native Americans, and since then the region has continued to be defined by the enduring presence of its Indigenous peoples. The Encyclopedia of the Great Plains Indians offers a sweeping overview, across time and space, of this story in 123 entries drawn from the acclaimed Encyclopedia of the Great Plains, together with 23 new entries focusing on contemporary Plains Indians, and many new photographs.Â Here are the peoples, places, processes, and events that have shaped lives of the Indians of the Great Plains from the beginnings of human habitation to the presentâ "not only yesterdayâ ™s wars, treaties, and traditions but also todayâ ™s tribal colleges, casinos, and legal battles. In addition to entries on familiar names from the past like Sitting Bull and Crazy Horse, new entries on contemporary figures such as American Indian Movement spiritual leader Leonard Crow Dog and activists Russell Means and Leonard Peltier are included in the volume. Influential writer Vine Deloria Sr., Crow medicine woman Pretty Shield, Nakota blues-rock band Indigenous, and the Nebraska Indians baseball team are also among the entries in this comprehensive account. Anyone wanting to know about Plains Indians, past and present, will find this an authoritative and fascinating source.

Customer Reviews

As editor Wishart states in his preface, this spin-off from the Encyclopedia of the Great Plains (2004) deals with Plains Indians because "the reservations in the United States and the reserves in Canada are islands of population increase in a sea of rural population decline." The volume

contains 123 alphabetically arranged entries excerpted from the larger work (also edited by Wishart), mostly from the Native American chapter. Some 23 new entries deal primarily with contemporary Plains Indians, and many of the photographs are new. Quinn, Mary Ellen

âœThis book is a triumph of information about Plains tribes that must be on the bookshelf of everyone at all interested in their history and future. The tribes and reservations are, after all, important as â˜islands of population increase in a sea of rural population decline,â™ in the Great Plains.â•â "Francis Moul, *Lincoln Journal Star* (*Lincoln Journal Star*)"This new volume's strength is as a single source that draws the various Great Plains Indians and their cultures together. . . . The general index is detailed and comprehensive; an index of contributors is included. This volume offers core information on the Native peoples of the Great Plains, covering a considerable expanse of time and subject matter."â "Choice (Choice 2007-09-01)âœBecause of its vast collection of short entries, this is an easy read that is informative and fascinatingâ|.the University of Nebraska Pressâ™ *Encyclopedia of the Great Plains Indians* is a wonderful supplement to the often-sad story of Americaâ™s first settlers.â•â "Rick Galusha, *Omaha City Weekly* (*Omaha City Weekly* 2007-04-09)âœThe *Encyclopedia of the Great Plains Indians* is a wonderful resource for readers interested in learning more about the original inhabitants of the Great Plains, and should spur most to delve further into the topics that pique their interest.â•â "New West (New West 2007-04-09)âœThe variety and range of the articles will appeal to any teacher or student of American history or American studies. . . . A valuable addition to any reference shelf.â•â "Patricia Moore, *Kliatt* (*Kliatt* 2007-05-24)âœHere are the people, places, processes, and events that have shaped lives of the Indians of the Great Plains from the beginnings of human habitation to the presentâ|.Anyone wanting to know about Plains Indians, past and present, will find this an authoritative and fascinating source.â•â "Nebraska Magazine (*Nebraska Magazine* 2007-06-19)"The entries in the *Encyclopedia of the Great Plains* are well written and informative.Â . . . [They] succeed in the editorâ™s quest to show what the Native peoples of that region have endured, what they have accomplished, and how they have remained central to life on the Great Plains. This is a quality publication that scholars and aficionados of American Indian history and cultures and Great Plains and Oklahoma histories will want to read and own."â "John D. May, *Chronicles of Oklahoma* (*Chronicles of Oklahoma* 2008-01-15)"The *Encyclopedia of the Great Plains Indians* represents the single best reference work on the topic. In short, Wishart has condensed aÂ vast array of subjects within the broader context of Great Plains Indians into one highly useable book."â "James E. Sherow, *Great Plains Quarterly* (James E. Sherow *Great Plains*

The book is beautifully done. It is definitely an encyclopedia. Arranged nicely and information is well done. This is a great reference for anyone interested in native americans and history.

I liked it. More detail would suit me fine.

Great book!!!
