Synopsis

Insight Step by Step Sicily is the perfect travel guide to this popular Italian island, showing you where to go and what to do in 14 beautifully illustrated walks and tours. Easy-to-follow full-color maps accompany the routes, and there's travel advice on places to eat and drink along the way. Our well known cultural focus highlights Sicily's rich history, from some of the best preserved Greek temples in the world (even better than in Greece) to the legacy of the Arabs and Normans. Discover the pleasures of Sicilian food and wine, with its abundance of regional dishes, street food and famous pastries. Discover the best route up Mount Etna, and the best views from the top, the volcanic Aeolian Islands, and how to see the smoking crater of Stromboli. Susie Boulton's intimate knowledge of Sicily was born when she visited the island whilst studying History of Art at Cambridge University. Since then she has written some 25 guidebooks, mostly on Italy. She visits Sicily regularly for research and pleasure, and is always absorbed by the island's diverse cultural heritage and architectural splendour.

Incredible detail in a "step by step" tour guide that provides some very interesting and diverse options. The included map with the marked tour gives the reader a greater understanding of

thewritten guide.

The book gives information about various tours in a clear and concise way. It gives choices and has maps which are useful. I am pleased with this guide and am sure it will help with the planning of the trip and when we are in Sicily.

Well-written, nice maps. Would have liked more coverage of the entire island. I will be spending 3 weeks in Sicilia.

Our kids are moving to Sicily so we wanted to enlighten ourselves. Found the book filled with practical information as well as suggested trips. Will carry it with us as we travel.
