Ashley Longshoreâ ™s pop art paintings are never shy of daring. A prolific artist at a pivotal moment in her career, Ashley has been compared to Andy Warhol for her obsession with pop culture figures and brands as well as her relationships with celebrities. She has had major

collaborations with brands such as ClÃ© de Peau and Anthropologie and has emblazoned the path for pop art and fashion to coexist. Her work has been featured in magazines in both the United States and countries around the world including Switzerland, Belgium, Japan, and Australia, where collectors have begun to acquire her unique piecesâ "described by Blake Lively as â œlegant yet rebellious.â • She lives in New Orleans, home to the Ashley Longshore Studio Gallery.â

You should order many to save time later and bless the friends and family in your circle that aren't afraid to live and be themselves with this little jem. Filled with infectious energy and a special breed of ambition, it's a joy to read and a feast for the eyes. I would give it 10 stars if I could. What a cool insight to the inception of Ashley's movement and entrepreneurial journey Ã¢Â•Â¤Ã ¤,Ã •

Amazing memoir by a truly talented artist, in every since of the word. The prose is beautiful in its conversation style tone. It feels as if you are in the room with her listening to her tell you her story. A book not only for fans of her particular art work, but fans of art by and large. An interesting peek behind the curtain of the often overlooked relationship between artists and gallery owners. This should be given to any young lady interested in not only becoming an artist, but business as well.

Haaa! This book is raunchy and hilarious! The art itself is great, but the artist is a true character in every sense of the word. The book is therefore both a catalogue raisonne and a biographical comedy. A++

She's real, fierce, proud and doesn' give af. She embraces who she is and is totally ready to kick \*\*\* and take names. She isn't afraid to not fit in. Love this book and the honestly and brutal truth she puts in it. I would recommend it to any woman, especially those who are seeking to feel powerful, independent, and ambitchous.

This book literally made me laugh out loud in at my OBG office. Mad since I worked for her dad and knew her when she was a wee little one I salute her. She' s perfection

I love this book! It's funny & empowering & simply put fabulous! It's a quick read & great to flip through if you've only got a bit of time. There's dope art, great advice, and so much silliness.

Hilarious & honest. Great motivational and inspirational book.

Just click buy with 1 click folks. When I realized my fave instgrammer & artist extraordinaire had a book I ordered 3. I've ordered more today for gifts. She's a hoot, a vision and one of the most gifted artists I've ever seen. Get the dang book.
