Sugar Snow (Little House Picture Book)

Synopsis

Laura is delighted when a soft, thick snow falls in late spring in the Big Woods of Wisconsin. A late snow helps the trees make more sap for maple syrup, and maple syrup means sweet sugar cakes and sticky fingers for Laura! Doris Ettlinger's enchanting full-color illustrations, inspired by Garth Williams's artwork, perfectly capture Laura and her family in this *My First Little House Book*, adapted from Laura Ingalls Wilder's *Little House in the Big Woods*.

Laura Ingalls Wilder (1867–1957) was born in a log cabin in the Wisconsin woods. With her family, she pioneered throughout America's heartland during the 1870s and 1880s, finally settling in Dakota Territory. She married Almanzo Wilder in 1885; their only daughter, Rose, was born the following year. The Wilders moved to Rocky Ridge Farm at Mansfield, Missouri, in 1894, where they established a permanent home. After years of farming, Laura wrote the first of her beloved *Little House* books in 1932. The nine *Little House* books are international classics. Her writings live on into the twenty-first century as America's quintessential pioneer story. Doris Ettlinger, a graduate of Rhode Island School of Design, has illustrated many books for children. She lives in Warren

County, New Jersey.

This is a nice way to present a chapter of Little House in the Big Woods - less reading and more pictures. It is good for readers who are interested in the series but not ready to read a chapter book, or to use as an introduction or summary of the chapter. I am very satisfied with the book!

This is one of a series of chapter books based on the Little House on the Prairie books. Not only are the stories delightful but they give children a taste of history. The stories are short enough to be bedtime story books. The illustrations are simple and beautiful. I have the whole series and love them all. I originally bought them for my children and now my grandchildren are enjoying them. I have also bought these books for gifts and have never found a child who didn't like them. These are books that you will not tire of reading. They are part of my "keep forever" library.

Love it

Sweet book!

Note: I love all things Little House, so my views are a bit skewed. That said, the illustrations are so perfect in this book. I bought this for my daughter, so she could also enjoy the adventures of the Ingalls family and she loves it (and the others I have purchased). Sweet stories, great pictures.

Nice book beautiful stories. It makes me dreaming about my childhood..nice picture too.

This series is really beloved of my boys (ages 6 and 4)!

Very fun book series for little girls.
