Customer Reviews

I choose this rating because the recipes were clear and simple to read. I like this book very much. I have been looking for a good hot sauce recipe book for a long time. I would recommend this book to my friends.

It's Ok all recipes are very easy and follow the same method of making the sauce

The hot sauce recipes here are awesome! Some of them are hot enough to bring tears to the devil's eyes! This book is a great start for the hot sauce lover!

Literally only recipes. No other narrative. The recipes I'm sure are fine but don't expect ANY fanfare with this purchase.
