I've been collecting sweet & sour mcnugget sauce in a drum for well over a year. The other day I was watching Justin Bieber Take Over on MTV and I got so excited I accidentally tipped over the drum. wouldn't ya know it that even coated in delicious sweet and sour sauce this book not only remained intact but grew only more beautiful with a light brown film on top.

Got this for my father-in-law who is in love with Hawaii and specifically Maui. What a great birthday gift! Many comments from the family on the great quality of photos and the beauty of the way the book is laid out. Highly recommended!

This is a beautiful "coffee table" book. The pictures are magnificent and not only described, there are also some local folklore and legends along. Makes me want to return there, but until that is possible, it "takes" me there.

This book was beautifully put together with Hawaiian folk lore, information, and pictures unique to Maui that help quell my longing to see the island again.

This photographic coffee table edition is a beautiful representation of the island of Maui. The legends and historical details add depth to the stunning photography.

Thank you for the quick delivery of your beautiful book that allowed me to revisit glorious Maui! What a bargain, too. Thanks.

We used this coffee table style book as a guest book for our daughter's wedding reception. The newlyweds went to Maui on their honeymoon. It has some wonderful pictures and now they can leave it on their coffee table as a great memorial to their honeymoon and laugh at the guests well wishes.

The photos are wonderful and the book is divided into the different sections of Maui. I love to look through this and remember our wonderful trip to a truly magical place of beauty.
