Born and raised in Clearfield, Utah, Gary Warren (reviser) and his wife eventually settled in Brigham City, Utah. They have 4 children, 17 grandchildren, and 3 great-grandchildren. Gary has been a member of the Cache Rock and Gem Club, located in Logan, Utah, for 10 years, 8 of which he served as president. He enjoys sharing his love of rockhounding with children through school lectures and after-school group demonstrations and activities. The club has also incorporated a Junior Rockhounding program. Recently retired, Gary has more time to pursue his passions, traveling and rockhounding throughout Utah. William A. Kappeler has been rockhounding across the West for more than forty years. His other books include Rockhounding Nevada and Rockhounding Colorado.

With the exception of one entry, all 4 places I chose to visit in the book had very accurate direction descriptions. I was pleased with it. I visited several locations in the Minersville greater area.

I received a black and white copy. The copies were so poor, I can't read the maps.

Good book to get you started in Utah. Good directions, and interesting reading on states geography. I would recommend this book.

My father-in-law really enjoys this book.

Found many locations I vacation at but did not know what I missed till I got the book

asked for and given to grandsons

Gave as a wedding gift and they read it immediately and loved it!

Great book with detailed locations
