## Customer Reviews

Fascinating for me as someone who's always loved watching the big fights but never tried it myself.

A thorough introduction to the basics and history of the sport without being overwhelming. The punching bag at my gym has caught my eye now so might have to put some of it into practice...

Sting like a bee! Great beginner stuff in this book. Of course, it's all useless without some practice and application, but it's a good primer on what you need to be successful in for boxing. Highly recommend this book to start with.

Great read! This book will give you the basics of boxing. If you intend to get involved in the sport, this book is perfectly designed for you. Recommended!

Good info for beginners who are interested in some of the basic information that goes into boxing.

Great help. Fin
