Customer Reviews

First owner of the book. Minimal highlighting. Very good condition. Keycode not included.

So far a great book, very detailed but also easy to read and follow. Nice illustrations. The paperback is a bit awkward and tough to handle thought. Always afraid I'm accidentally going to rip the cover off. Would recommend buying it electronically so you can search it, or getting hardback if you like a physical book.

fast shipping, everything i needed for my class

Was exactly what I needed for this course. Very informative. Provided everything I needed to know for my exams.

Great resource!

Book is in terrible condition.
