has a flair for creating educational and fun puzzles that challenge while teaching, and many of her books rank among our bestselling Little Activity titles.

My boys are 7 and 11 and I got one for each of them. It was perfect for a summer vacation journal and I'll be sure to hang onto these as keepsakes! Boys are sometimes a little reticent when it comes to self expression so these were perfect for drawing about particular topics! The journal encourages kids to express themselves in a variety of ways by means of lists, drawings, and suggestions for creative writing! Their dad and I were very pleased!!

I bought this for my daughter to work on writing over the summer. Each page looks like a worksheet with great prompts for both writing and drawing--it is perfect for 1st and 2nd graders!

My daughter loved this book. She loves to write in general and writing about herself only made it better!

My son was excited to get this. It is good for kids. Though some of the questions on the pages won't apply to all children.

This was a gift. The little girl was thrilled and was very interested in writing in it.

My 6 and 7 year old grandkids love this book. I got them some color pencils and they love it. I'm happy to see them doing something other than watch TV.

Beautifully done! Love the ideas and the artwork! Kids will be proud of their finished product!

It was a gift and she liked it.
