Citizenship And Nationhood In France And Germany

Synopsis

The difference between French and German definitions of citizenship is instructive--and, for millions of immigrants from North Africa, Turkey, and Eastern Europe, decisive. Rogers Brubaker shows how this difference--between the territorial basis of the French citizenry and the German emphasis on blood descent--was shaped and sustained by sharply differing understandings of nationhood, rooted in distinctive French and German paths to nation-statehood.

Book Information

Paperback: 288 pages

Publisher: Harvard University Press (August 19, 1998)

Language: English

ISBN-10: 0674131789

ISBN-13: 978-0674131781

Customer Reviews

Learned, shrewd, and demanding. (Foreign Affairs)[A] concise and elegant comparison of the national identities of France and Germany, and the citizenship policies that flow from them | Brubaker's excellent study is the best available guide to the intellectual background of the current crisis in German self-identity. (Michael Ignatieff New Republic)Brubaker's extremely timely book traces the history of citizenship •legal status, heartfelt identity• in France and Germany. Each nation had, and still has, a very different idea of citizenship | Brubaker is erudite and clear, and keeps an acutely open mind-no easy thing in these murky waters. (Village Voice Literary Supplement)Brubaker brilliantly integrates institutional and cultural analysis. His focus on immigrants and citizenship in France and Germany makes a compelling case for understanding modern national states not only as organizations but also as associations of members. (Theda Skocpol, Harvard University)

Brubaker brilliantly integrates institutional and cultural analysis. His focus on immigrants and citizenship in France and Germany makes a compelling case for understanding modern national states not only as organizations but also as associations of members. --Theda Skocpol, Harvard University --This text refers to an out of print or unavailable edition of this title.

great; arrived on time and exactly as described

Excellent book. Very well researched. For those interested in the history and development of citizenship policies in France and Germany, it is a must read.

This is a great book and Brubaker (along with Benedict Anderson) is one of the leading scholars on identity and identity politics. The scholarship is 5 stars. My problem is with the Kindle edition. It is not formatted properly so it is not clear if a block of text is a paragraph or an inset quote. To put it in short, the margins are literally all over the place. The text spacing is also strange. Words are separated by large tabs of space and other words are strung together as if one long word. This slows down reading considerably. I have tried every size font possible and still cannot get rid of this bug. The last problem is the footnotes. The footnotes/endnotes are not clickable so you have to really search for citation at the end of the book which can cause you to lose our place easily and eats up time. The Kindle version is not worth it. You are much better off simply buying the book and I wish I could get a refund so I could put the money towards buying a hardcopy.
