HUE

Synopsis

Kelly Wearstler is the ultimate trendsetter in interior design. Hue by Kelly Wearstler builds upon the success of her first monograph, *Modern Glamour*, and includes recent, unpublished projects, including her home in Beverly Hills, celebrity residential projects, as well as some of her latest hotel projects. Hue celebrates the power of color in Kelly's work and the possibilities of color in interior design and decorating. A must-have for amateurs and professionals seeking design inspiration from America's top interior designer.

Customer Reviews

"In her new book, 'Hue,' Los Angeles interior designer Kelly Wearstler doesn't shy away from bold decor. Try her tips to give your home a color boost." â "Family Circle" Wearstler's gotten credit for aiding the return of the Hollywood Regency style and that of the swinging seventies and eighties, and she's acquired a reputation for boldly going where other designers don't in her use of color, texture and pattern and in her juxtaposition of high and low, classic and modernâ "a Roman bust, for instance, impudently paired with a white shag rug." â "Town & Country Magazine" In her new book, 'Hue,' from AMMO Books, Hollywood glamour, neoclassical ornamentation, pattern and texture prove to be Wearstler signatures, but color, she writes 'is everything. Color evokes emotion, color is strong, sensual, luxurious and dramatic.'" â "Los Angeles Times" No other designer's work can be mistaken for Wearstler's fanciful wild-child interiors, which, in addition to private homes, include such influential hotels as the Viceroy Santa Monica and the Tides South Beach and the BG

Restaurant at Bergdorf Goodman in Manhattan. Brash, graphic, theatrical, and skillfully layered, her rooms blend echoes of everything from 1970s funk to '40s Hollywood into head-spinning, high-energy chic." â "Elle DÃ©cor

Â Kelly WearstlerÂ is the founder of the Los Angeles-based interior design firm, Kelly Wearstler, Inc. She is the namesake and creator of several product lines as well as a regular contributor on "living with style" to such fashion bibles asÂ Harper's Bazaar, Elle, andÂ W. Wearstler also served as a judge on Bravo'sÂ Top Design.

I bought this book b/c of all the rave reviews bloggers gave it. While I am not impressed with this book, I do not hate it. I would NEVER incorporate any of Kelly's decor into my own home b/c (a) I could never pull it off and (b) my home would look like it is storing mismatched furniture from craigs list and vintage stores. The book is ok IMO. It looks pretty sitting on my coffee table, but that's about it.

It's not that I dislike this book-- although it is all pictures and practically no text-- it's that the last 2 design books I received from were mini sized! Unacceptable! And impossible to know when you're ordering! I sent it back. I love Kelly's work & her other books -- but this small size made it impossible to enjoy.

Pretty book, very feminine and mostly about designer herself and not interior design, you can do better, also make sure you read other reviews, it depends what you want.

The book was not full size.

Great! Super stylish coffee table book.

Beautiful book. Kelly's designs are inspiring.

This book is classic Wearstler!!

Kelly Wearstler does not disappoint!
