Rhodes: A Visitors Guide (Visitors Guides)

Synopsis

This very detailed and comprehensive guide to the Greek island of Rhodes has been further updated, Dec 1012, and now has an active table of contents. It is packed with information to enhance the visitor experience. Tours of the old Medieval town are described and no part of the island is left unexplored. Feature articles throughout talk about many aspects of the culture from castles and fortresses to ouzo production, from traditional homes to churches and monasteries. Ever wondered how to work out the name of that little white church you have discovered in the countryside? A clue lies in the position of the icons and a feature article explains how to unravel the mystery. A concluding fact file covers all essential information.

Customer Reviews

It's not really guide book. In fact I don't know what is it. Only long, long text without any pictures and any maps. I hate it, and I trash some money on it. I recommended in stead of it, an app from Appstore called "Rhodes Guide for iPad by PinPoint Guides". It cost you less money, and it have beautiful pictures and some maps, tips from another tourists.
