The Mystery Of The Second Coming

Synopsis

It is with extraordinary timeliness and vigor, that we are given a glimpse, with utter clarity, of the nature and meaning of Religion, as never before given, as well as the Second Coming of Jesus Christ and the eventual formation of the Kingdom of God on earth; already established around the world in its embryonic form. Here is described a Cause no amount of persecution or torment has been able to deter, or argument diminish. All these things and more, much more, that we may know and know with a certainty and see with our own inner and outward eyes, the creative force released, its Divine Source conclusively and for all time demonstrated and proven. Here also, is something utterly new and here-to-fore undisclosed; a clear course leading us out of the quagmire of chaos and despair into which civilization is sinking. This book may well be the first step of an adventure of a life time, slaying dragons of long held and generally accepted superstitions, myths and dogma; all treated with logic and reason and most importantly justice; as we are enabled thereby to see with our own eyes, and to understand with our own understanding, independent of anyone else's™s.

Customer Reviews

This book poses deep and challenging questions to those willing to maintain an open mind, heart

and soul. It poetically and eloquently explores the Promise of the Second Coming and guides readers to the possibility of such a profoundly important reality. It achieves this with an enormous amount of love and respect for Jesus Christ and His teachings, and builds on His message, and on Holy teachings to further expand our spiritual growth in this world. As the daughter of the author one may think I am biased, but quite to the contrary, I am far more critical as I have high expectations and the usual daughter father embarrassment factor should something not be up to my standards ;). I am happy to say that after reading his book I was thoroughly impressed and inspired. I give it 5 stars because of its inherent value, and ability to inspire, open minds, and transcend limitations. May this book guide you to a deeper understanding of the mission of Jesus Christ and His Second Coming.

A fresh view of the Second Coming. Very interesting.
